

# PLAYTIME NEW YORK

## IMMERSIVE EXPERIENCES IMAGINED JUST FOR YOU

Exclusively this season, let us guide you through the show via our Fil Rouge, a unifying path at the heart of the exhibition.

Look for the red hearts on the floormap to discover experiences created by participating exhibitors to showcase their unique savoir-faire, family heritage, or sustainable commitments. These values echo the season's theme, "Made With Love." Featuring creative workshops, inspiring exhibitions, and interactive installations, this itinerary invites you to explore and discover.

Can you stop at them all?
